### **DETAILED ACTION**

1. This office action is in response to the remarks and amendments filed January 5, 2004 and October 6, 2004. Claims 1, 2, 4-12, 14-21, 23-29 and 31-36 are pending.
2. The previous rejection of the claims under 35 USC 112, second paragraph is withdrawn in view of the amendments to the claims.
3. The rejection of claims under 35 USC 103(a) is withdrawn in view of Applicant's arguments.
4. The rejection of claims 1, 2, 4-12, 14-21, 23-29 and 31-36 under the judicially created doctrine of obviousness-type double patenting is maintained for the reasons of record.

### ***Specification***

5. The disclosure is objected to because of the following informalities: Applicant's second moiety at pages 3, 6 and all Examples, for example, are not compounds possessing a diene conjugated carbon-carbon double bond and a carboxylic acid moiety or anhydride.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1714

7. Claims 4, 10, 14, 23, 31 and 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are rejected because the recited compounds are not compounds possessing a diene-conjugated carbon-carbon double bond and a carboxylic acid moiety or anhydride group.

In claim 10, in the compound TMP-sorbitol-sorbate, sorbitol does not fit the qualifications set forth for the second moiety and sorbate is not a polyhydroxy compound.
